Dear Sir,

you are aware that
Mr. Pierpont's Council, - instigated by Rev. Mr.
Lothrop & men of his stamp, - in their Result,
reproved the indiscreet zeal of Mr. P. - & worst
of all, declared that the controversy in his
Society involved no question of principle!

They deserve a good castigation for
this. I have been hoping that some Unitar-
ian would do it. As they ^(the Unit^{ns}) acquiesce in the
disgrace, would not Mr. Fairchild, or some
vigorous writer, review the proceedings in some
orthodox journal, - from which his article might
be republished? Can not you suggest this to the
right man - or do it yourself?

Yrs Ellis Gray Loring.
